

Invitation for Stallholder Applications

Winter Harvest Festival
 28 June 2025 / 10am - 4pm
 George Street, Kalbar

Winter Harvest Festival is a 'must do' event of Scenic Rim Eat Local Month. Traditionally held on the last weekend, Winter Harvest Festival is a time for farmers, producers, residents and visitors to come together to celebrate Scenic Rim's premium food and beverage offerings. The aim is for visitors to taste their way around the Scenic Rim in one flavour-filled day.

The festival is held in the picturesque country town of Kalbar, just over one hour from Brisbane and 90mins from the Gold Coast. The event is the highlight of the 'Winter Harvest Weekend', a curated series of events showcasing the abundance of fresh, local, and seasonal produce harvested throughout the region.

The festival provides an authentic experience for the visitor with 60+ local produce stalls, live entertainment, cooking demonstrations, hands-on workshops, the tractor pull competition, family friendly activities and a stage dedicated to telling the stories of our producers in region.

Estimated attendance for 2025 Winter Harvest Festival, based on 2024 actual attendance, is 4,000 - 5,500 patrons depending on weather conditions.

We welcome applications from stallholders interested in showcasing a diverse array of high-quality products cultivated, produced, sourced, or originated from within the Scenic Rim region. You will experience high volume sales and will need enough stock to last from 10am to 3:30pm.

Licensed beverage providers are encouraged to offer product tastings, sales by the glass to be consumed on site, along with take home options.

Food providers are encouraged to offer tastings and sales, with ready-to-eat dishes served in smaller portions or tasting plates priced between \$10 - \$15. This approach will encourage festival-goers to sample a variety of foods from across the Scenic Rim, rather than focusing on just one or two larger meals.

It will also highlight to the public what the Scenic Rim is capable of supplying, as well as enticing visitors to buy your product. For example:

- if you grow corn or carrots, you might offer BBQ'd corn or a carrot slinky on a stick.
- a product such as camel meat might be presented in a hot dog, loaded with local sauerkraut or relish!

We strongly encourage food providers to work together to cross promote products available in region. If you require assistance in sourcing local products, please do not hesitate to contact us or you can download our Local Producer Directory [here](#).

For further information or support to develop your ideas, please reach out to the Eat Local Month team. We are here to guide you and to ensure the Scenic Rim presents another flavour-filled Winter Harvest Festival!
